Legal Help

Information and Advice

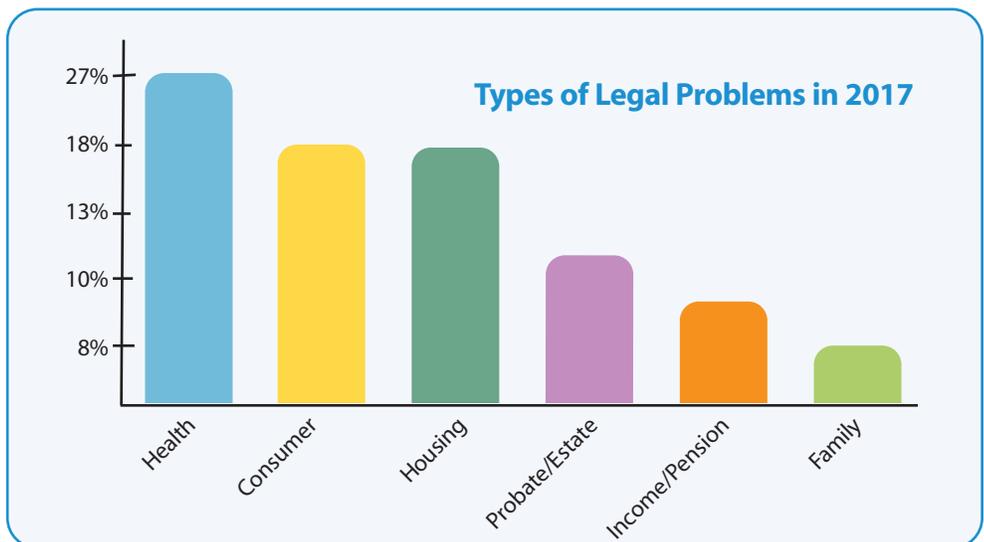

The Legal Hotline, a statewide service, gives Ohio seniors no-cost access to the legal information and advice needed to resolve problems that threaten their well-being and economic security.

Representation Beyond Information and Advice

Pro Seniors' staff attorneys provide no-cost legal representation to seniors on issues that are not often handled by private attorneys, including Medicare, Medicaid, Social Security, other public benefits, financial exploitation, and housing. This representation ranges from negotiation to litigation. Our Mid-America Pension Rights Project helps Ohioans of any age obtain all the retirement benefits to which they are entitled.

Lawyer Referral

If an older person's problems cannot be resolved by the Legal Hotline or our staff attorneys, Pro Seniors attempts to match the senior with an affordable private attorney who will handle the issue. Approximately 75 attorneys accept these referrals.

Assisted by volunteers, Pro Seniors helps those who need us most

Pro Seniors participates in numerous community events such as senior expos and health fairs. Pro Seniors carefully tailors its outreach to low-income, minority and disabled older persons. Special efforts are made to reach low-income, rural and minority communities.

Pro Seniors is assisted by volunteers in several ways. Volunteer ombudsmen help seniors exercise their rights. Volunteers for our Ohio SMP project educate their peers about health care fraud, waste and abuse.

Long-term Care Ombudsman Help

Selecting a nursing home, assisted living or home care

Pro Seniors' ombudsmen help seniors and their families considering long-term care options. Trained staff assess and match the older person's needs and preferences to available nursing and assisted living facilities, as well as home care services, and provide helpful information about those options.

Complaint investigation and resolution

Pro Seniors investigates and resolves the concerns and complaints of older persons and their families concerning nursing homes, assisted living, home care and other types of long-term care. These concerns address care plans, abuse, restraints, lost belongings, unanswered help calls, questionable charges, cleanliness, quality of care, and transfers and discharges.

Community and Professional Education

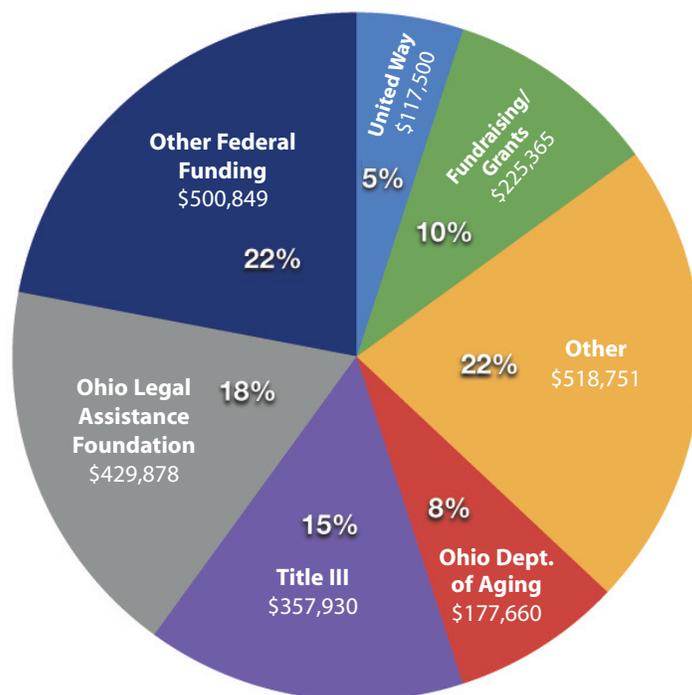

Community and professional presentations

In 2017, Pro Seniors made over 350 presentations to more than 17,000 seniors, their families and caregivers, as well as professionals that help older persons. This education empowers seniors to resolve basic legal and long-term care problems themselves.

Written materials for lay persons and professionals

Pro Seniors writes and distributes about 50 brochures that answer the legal and long-term care questions Pro Seniors most frequently receives. Extensive materials are available to professionals on Medicaid, Medicare, resident rights and other issues. Much of this material is also available on our website: www.proseniors.org
